Get Involved!

NEW

GILL HOLLEY, KATE PICKERING, CATHERINE McBETH, PATRICIA REILLY, EMMA HEYDERMAN

Get Involved! equips teenage students with the sense of excitement and appetite to explore the world ahead of them. It develops their linguistic skills and *Super Skills*, encouraging them to get involved in driving their future. The course also enables teachers to create an inclusive classroom where everyone reaches their potential and has an opportunity to shine.

What makes a hero? What is an ideal school? Why do people dress up? Each unit starts with a question to generate curiosity and ensure every student gets involved. Throughout the unit learners gain the knowledge, the language and skills to answer the question in the end-of-the-unit *Collaborative Project*. Completing the project gives students an opportunity to use the new language and skills straightaway.

- **Get Involved!** provides authentic contexts and empowers students to talk about real-life issues with confidence through the *Collaborative Projects*.
- Practical solutions for mixed-ability classes include *Brain Teaser* logical activities and Workbook exercises at three different levels of challenge so everyone can succeed and show their talents.
- Three genres of video in every unit expose students to English as it is really spoken and help them develop their language and visual literacy skills.
- Gamified activities on the Student's App encourage students to practise English outside the classroom while teachers can monitor their work through the *Progress Tracker* in the Teacher's App.
- With the fully flexible component mix, including a range of digital tools for teachers and students, the course is ready for teaching face-to-face, online or any combination of the two.
