*Becoming adults  
without adulteration*

## *Becoming adults without adulteration*

In superhero movies, the phrase “with great power comes great responsibility” is often used. We are far from being superheroes and even farther from having great power. These attributes would perhaps be more applicable to many of our clients, but that is another topic that would take up a long time.

Three decades after a dream planted and watered by Jordi Rubio was set in motion, the tree has grown, leading Montana Colors to be present in more than 80 countries, with more than 27 stores of its own, supplying graffiti writers, artists, amateurs and professionals with products made in Barcelona. And that does have some consequences in terms of responsibility.

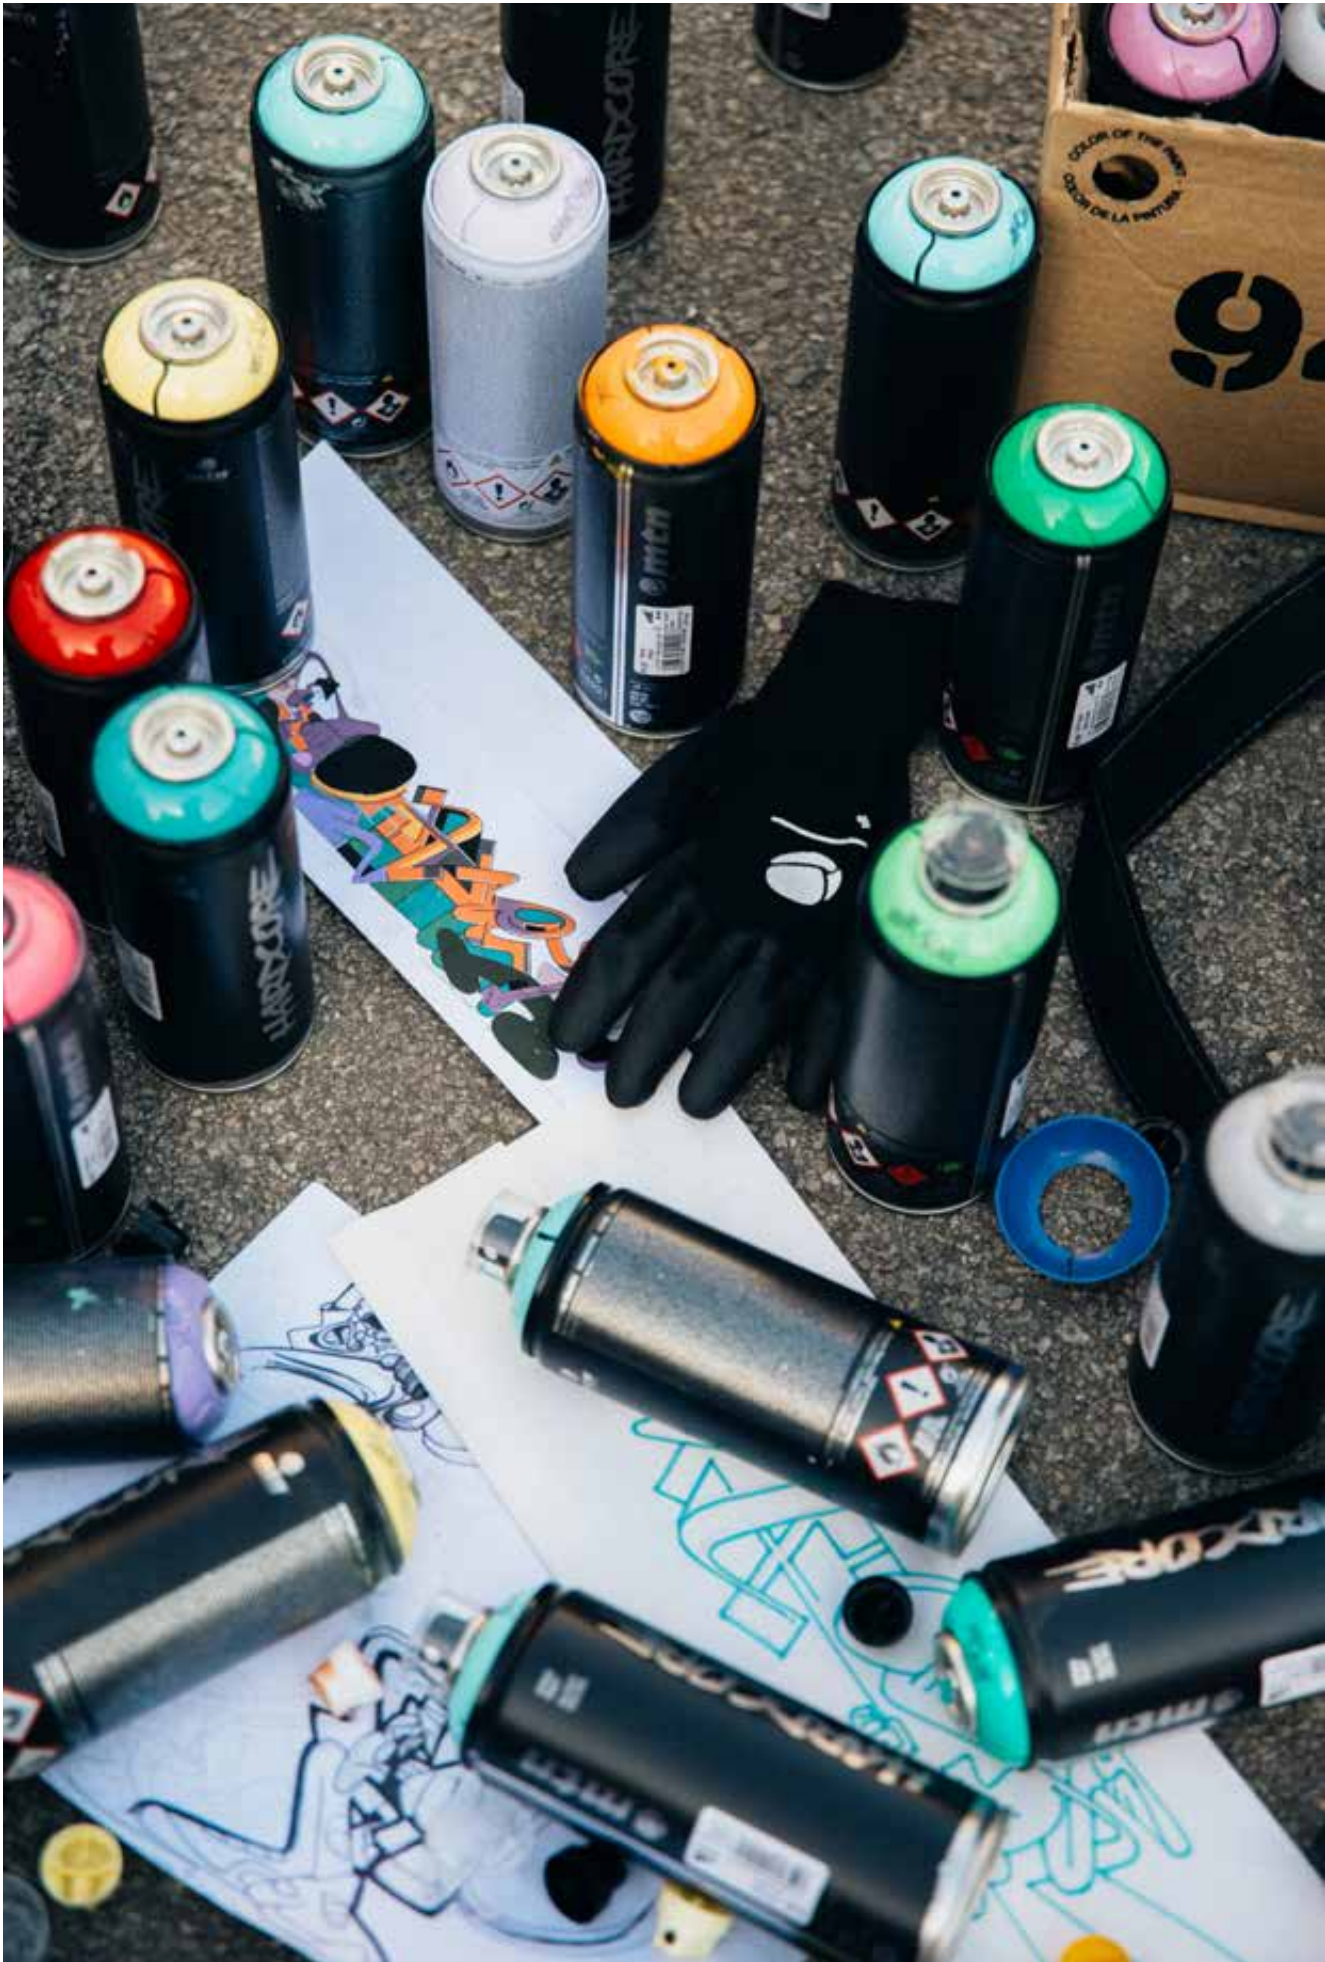

All our achievements are inevitably reflected in our increasingly responsible business management, with all the protocols that this implies: on a working, organizational and financial level. This is what happens when more than 300 people participate in the continuation of a dream come true. But this adaptation to the strict side of the business world does not mean that we are going to lose the responsibility that we have always had on a human level.

And we are not referring to the hackneyed topic of ecology, a discourse for which we have stood up for and which all companies now embrace. We are referring to something more transcendental that is built from our personality: the contact with our clients, intermediaries or end customers; the relationship between workers, among equals or at different levels of responsibility; the commitment to projects that nurture the human spirit, creativity, self-improvement; thinking globally, acting locally, etc.

Just take a look at our social networks and media outlets and you will see the number of projects in which we continue to invest our resources and attention with the same enthusiasm and attitude as if it were the very first day.

We are now 30 years old and many of us have grown with or within this company, which as Camil Escruela says “is much more than a club”. Montana Colors has also grown, in a constant struggle in which the Briolf Group is now the best ally to face the obstacles of this stage of maturity in which we find ourselves in. But we must remember that becoming an adult does not necessarily mean becoming adulterated, and to corroborate this you also have this catalog.

# MARKERS AND REFILLS

Montana Colors - MTN presents seven collections of professional tools that are the perfect solution for any creative project.

The Acrylic Marcador pens and Water Based refills are designed for studio work. Our 94 Graphic Markers are perfect for illustration and calligraphy. Graffiti tags are made easy thanks to our Street Markers, and if you want temporary results, look no further than the erasable Chalk Marker. The Empty Marcador range includes versatile pens that can be refilled.

Finally, we have the Technical Markers: a line of high-opacity ink markers perfect for drawing, contouring and writing.

## MARKERS AND REFILLS

### 94 Graphic Markers

Alcohol-based ink markers with two felt tips: one fine tip for drawing and a chisel tip for filling in or doing calligraphy. 35 translucent colors that can be mixed with one another. Available in packs of 12 and 24 units in a 3 ranges: Solid, pastel and grey.

# MTN 94

MTN 94 is probably the most versatile aerosol on the market. Thanks to its extensive color range and fast-drying formula, it's the perfect tool for practically any type of creative project that requires a matte finish.

**It's never been so easy to paint with an aerosol!**

A smooth valve system makes the 94 an extremely easy aerosol paint to use. Its fast-drying formula helps you avoid drips and allows for almost immediate repainting.

One of the factors that makes the 94 range so popular is its vast array of high opacity colors. The ample selection means it's easy for you to find the right tone to suit your needs.

**The Spirit of '94.** Its name is a reference to the year Montana Colors was founded. The range underlines the ground-breaking nature of our brand and the advances that this product has meant to the world of spray paint.

The 94 was launched in 2008, offering a high-quality aerosol paint. It was presented as a matte alternative to the classic MTN Hardcore cans, offering more precise performance with a wide range of matte colors.

217 Colors · 400 ml  
Matte paint · Synthetic paint  
High coverage · Fast drying

## Pocket Cap

Fine line.  
1.1 / 2.5 cm ø.

# HARDCORE

The format that revolutionized the world of graffiti is constantly evolving to adapt to market demands. Hardcore incorporates cutting edge development in the field of aerosol paint with the know-how of Montana Colors, and is today one of the best performing gloss spray paints on the market.

**A universe of colors.** The newly extended collection completes some color ranges and revives some discontinued shades, meaning the collection now includes 142 cans.

The tool of choice for graffiti writers boasting long-lasting color that's quick to dry and with a resistant finish, making this aerosol the perfect product for domestic, industrial and artistic projects that need high quality paint.

**More than just a spray paint, it's an attitude.** Hardcore is the classic Montana Colors aerosol. It got its name from the powerful spray that the can produces, especially coupled with a fat cap. The 400 ml can, which was tailored to the precise needs of graffiti writers back when it was launched back in 1996, has established itself as the industry standard format today.

142 Colors · 400 ml

Gloss paint · Synthetic paint

Perfect coverage · Ultra fast drying

## Pocket Cap

Fine line.  
1.1 / 2.5 cm ø.

## Ergonomic Packaging

Boxes of 6 units.  
Measurements: 20.5 x 14 x 20 cm.

## MTN HC Display Rack 400 ml

Can be extended laterally to two or more modules.  
Capacity: 546 units · 91 references  
400 ml spray cans.

Measurements: Height: 205 cm.  
Width: 98,5 cm. Depth: 50 cm.

# WATER BASED 400

The revolutionary water-based spray paint now comes in a 400 ml format. This tool, perfect for studio or indoor work, now offers the highest performance on the market with a standardized size that also unifies its storage and display with that of the main ranges.

**Our commitment is growing.** As the low-impact aerosol line, the Water Based 400 is leading the future of spray painting in the direction of sustainability in this type of tool. Its new format also responds to the needs of our public and their evolution.

**Optimized operation.** The Water Based 400 implements a new valve that adapts to the peculiarities of painting in this way to make its triggering smoother and more controllable. In this way the operation of the aerosol is practically equivalent to that of the advanced technology of the MTN 94.

# WATER BASED 100

The Water Based 100 ml range is made up of 18 colors in a compact size that facilitate use by less experienced hands.

Their great ergonomic design owes to their small dimensions and provides all the same advantages as the rest of the Water Based family of products: non-toxic paint, maximum intensity colors made with high quality pigments, low odor, mixable colors, high coverage, and rapid drying.

The Water Based 100 range that also comes in pack formats are the perfect tool for craft workshops and school activities. The can size and quantity of high covering paint make it a perfect fit for doing group activities.

# MEGA PLATA

A 600 ml, chrome spray paint with an intense gloss finish. Mega Silver is very fast-drying and uses the power of its valve to discharge the paint at a high velocity, leaving behind a fat line with the ideal coat of paint.

In the case of Mega Plata, you can cover an area of 9.60 m2 and paint 18 cm diameter outlines with a Hardcore Fat Cap. In fact, the design of the can includes a life-sized example of what a sprayed dot from a Mega Silver looks like.

600 ml · Gloss paint · Very fast drying  
High pressure · High coverage

1 Color.

# MEGA COLORS

Mega Colors are the evolution of the classic Montana Colors Mega can. This paint possesses practically the same properties as Hardcore but comes in a 600 ml format. That means not only a greater quantity of paint, but also a more powerful spray output that projects a much wider outline due to its valve system.

20 colors · 600 ml · Gloss paint  
High pressure · High coverage  
High powered. High speed painting and drying.

# MADMAXXX

**MTN MAXIMO’S Big Brother.** The 750 ml format MAXIMO range expands with MADMAXXX, a revolutionary, 25 - 30 cm wide, dense, chiseled line spray paint.

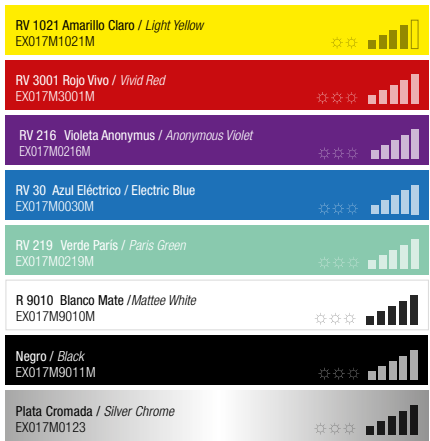

Specially designed to fill large surfaces at an unprecedented speed, MADMAXXX is also useful for painting gigantic typography, thanks to its powerful transversal line.

**Controllable Power.** Two components in this spray paint have been optimized to result in maximum power: the valve flow and the cap. Adjustments to the formula offer a dense paint that prevents running and drips, and it is so quick-drying that it may be painted over after seconds. Its easy-to-use valve is also suitable for outlining large shapes with precision.

In addition, the paint is 100% compatible with the rest of the Montana Colors spray paints.

750 ml · 2G “Silver Killer®”  
Male valve · Very high pressure

## Special MADMAXXX Cap

Only compatible with this spray can.  
Very wide lines.  
25 / 30 cm ø.

## Ergonomic Packaging

Boxes of 6 units.

Measurements: 34.5 x 21 x 14 cm.

# OTHER FORMATS

In response to the requirements of our community, we've developed products with specific needs in mind over the years.  
The result: an extensive range of spray paints for every type of use and situation.

**Alien 250 ml**

2 Colors · Low pressure · Satin finish.

A low pressure, satin finish paint developed for artistic work. Its 250 ml format and Pro Cap provide greater precision, make it an extremely manageable spray paint to use. In addition, its valve characteristics and paint viscosity make it ideal for working on details and achieving skinny lines.

# PUTTIES

Montana Colors has you covered for every phase of painting and repair in the fields of motoring and DIY with two types of putty. These products are designed to smooth imperfections and are essential to fill holes or deep scratches in surfaces that you're going to paint. Both products boast outstanding effectiveness thanks to Montana Colors' 2k technology.

Following the minimum environmental impact policy of our brand, these putties are free of styrene - an aggressive component that is usually present in the formulations of this type of product.

## Universal Polyester Putty 250 - 500 g

Montana Colors Universal Polyester Putty is a lightweight, multifunctional, 2k styrene-free putty. It is designed for use on sheet steel, aluminum, polyester and wood. Its high thixotropy allows gluing and filling without the risk of sinking. It is easy to apply and sand, doesn't crack or shrink when dry and can be painted over with any MTN product.

The product includes a tube with the catalyst (to be mixed with the paste in a proportion of 2%) and a basic spatula for users who don't have this tool.

2 Formats.

Poliéster Universal / Universal Polyester 250 g  
EXG0111250

Poliéster Universal / Universal Polyester 500 g  
EXG0111500

## Polyester Fiberglass Putty 250 g

Montana Colors Polyester Fiberglass Putty is a 2k reinforced putty that doesn't contain styrene, suitable for repairing polyester composite parts and areas of rusty metal. It's a creamy putty that's easy to apply and has great adherence to different substrates.

The product includes a tube with the catalyst (to be mixed with the paste in a proportion of 2%) and a basic spatula for users who don't have this tool.

COLOR PAINT

Color Paint 400 ml

The MTN PRO Color Paint is a spray paint available in RAL colors formulated with high quality acrylic resins and pigments as well as stabilizing additives that offer fast drying and a flawless finish. This paint is designed to be efficient on multiple surfaces, such as wood, metal, stainless steel, glass, plaster, ceramics, stone or hard plastic, and its result is resistant both indoors and outdoors.

PRIMERS AND VARNISHES

**Acrylic Varnish 400 ml**

Acrylic spray varnish made with solvent-based thermoplastic acrylic resins. Ultra-fast drying, its main function is to protect and protect different surfaces.

It can be applied for indoor and outdoor use on a multitude of materials in order to increase surface protection in three finishes: glossy, satin or matte.

Different finishes can be obtained depending on the number of layers applied. Completely transparent and does not yellow.

3 Finishes.

Acrílico Brilló / Gloss Acrylic EX014PR0908	Acrílico Satinado / Satin Acrylic EX014PR0909	Acrílico Mate / Matte Acrylic EX014PR0920
--	--	--

MONTANA COLORS PRODUCTS

MTN PRO SPECIALTY PRODUCTS

**Synthetic Varnish 400 ml**

Synthetic spray varnish that works as a very fast drying alkyd (synthetic resin) protector. Available in a glossy satin and matte finish.

Due to its characteristics, we recommend it for wood, although it is also suitable for varnishing a multitude of surfaces, taking into account that it has a tendency to yellow. Great resistance to weathering.

3 Finishes.

Sintético Brilló / Gloss Synthetic EX014PR0900	Sintético Satinado / Satin Synthetic EX014PR0904	Sintético Mate / Matte Synthetic EX014PR0907
---	---	---

**Glitter Varnish 400 ml**

Quick-drying, water-based varnish that reflects an iridescent sparkle effect on a multitude of surfaces: iron, steel, plastics (even polystyrene), wood, etc. As it does not contain solvent in its formulation, it can be used indoors and in poorly ventilated spaces, so it is highly recommended for arts and crafts.

3 Finishes.

Plata / Silver EX014PG008W	Oro / Gold EX014PG009W	Multicolor EX014PG010W
-------------------------------	---------------------------	---------------------------

**Indoor Protective Varnish 400 ml**

Water-based acrylic varnish, with fast-drying and excellent features, which offers high-quality finishes and durability on an array of surfaces.

Non-yellowing and available in three finishes: glossy, satin and matte.

Designed to increase the durability of furniture and indoor items, when applied directly on a porous substrate or paint, it smooths the finish and increases the color's durability.

Depending on the porosity of the material to be varnished, two or three coats may be required.

3 Finishes.

Brillante / Gloss EX014PW0900	Satinado / Satin EX014PW0904	Mate / Matte EX014PW0907
----------------------------------	---------------------------------	-----------------------------

**Outdoor Protective Varnish 400 ml**

Water-based outdoor varnish. Available in matte, satin and glossy finishes, it provides a consistent result with excellent hardness, flexibility and scratch resistance, as well as protection against UV rays.

In addition to its excellent adhesion and high mechanical resistance, it is suitable for protecting wood outdoors, such as doors, furniture, skirting boards, etc.

Depending on the porosity of the material to be varnished, two or three coats may be required.

3 Finishes.

Brillante / Gloss EX014PW0900E	Satinado / Satin EX014PW0904E	Mate / Matte EX014PW0907E
-----------------------------------	----------------------------------	------------------------------

**Universal Primer 400 ml**

The MTN PRO Universal Primer is a primer spray that also works as a final coat. The primer enhances the adherence of paint to glossy surfaces – from plastics such as rigid PVC and methacrylate to metals such as aluminum, copper or zinc; as well as other materials such as glass, ceramic and tiles. This versatile product can also be used as a finishing paint, as it can be later enameled or varnished.

1 Finish.

Blanco / White  
EX014PR0004

**Anti Rust Primer 400 ml**

A quick drying primer made with acrylic resins and corrosion inhibiting pigments (zinc phosphate). Its highly anticorrosive power makes it essential as a preliminary layer to protect any iron surface.

2 Finishes.

Gris / Grey  
EX014PR0115

Rojo / Red  
EX014PR0131

**Plastic Primer 400 ml**

A clear primer that provides a base layer necessary for the subsequent painting of PP plastic surfaces (EPDM).

Formulated with a base of special additives that provide the dried paint with extraordinary adhesion to PP (polypropylene) modified with EPDM and other plastics (Write to our technical department if in doubt: sat@montanacolors.com).

1 Finish.

Imprimación Plásticos / Plastic Primer  
EX014PR0914

**Rust Converter 400 ml**

Neutralizing primer for local rust on steel. Generates a long-lasting anticorrosive surface protection.

Formulated with a clear epoxy resin so as not to harm the finish of the painted surface, it neutralizes and encapsulates rust on damaged steel surfaces, hence generating a waterproof layer that is resistant to corrosive agents. It allows for optimal subsequent painting, thus extending its anticorrosive properties and minimizing its maintenance.

The product can be repainted using most solvent and water-based paints.

1 Finish.

Transformador de óxido / Rust converter  
EX014PR0018

**Wash Primer 400 ml**

A gray anchoring primer with excellent adhesion to galvanized, electrozinc steel or aluminum and other types of polished metals.

Specially designed as a preliminary coat for the subsequent painting of garage doors, shutters, aluminum frames and copper pipes.

It can be used as a primer for nylon 6 plastic surfaces, carbon fiber, epoxy, polyester, acrylate, PVC, PC and ABS.

Thanks to its characteristics, the product also offers good anchoring properties on surfaces already painted with polyester-type paints (aluminum frames) or 2k epoxy after sanding.

1 Finish.

Gris / Grey  
EX014PR0133

**Matte White Base Primer 400 ml**

Matte white paint made of solvent-based acrylic resin with great covering power.

It is used as a preliminary, base coat, for subsequent painting of fluorescent, photoluminescent or very vivid colors on dark backgrounds.

This high quality paint, can also be used as a finishing coat for countless applications that require its characteristics: DIY, crafts, industry, etc.

1 Finish.

Imprimación Fondo Blanco / Matte White Base Primer  
EX014PR0910

**Teak Oil 400 ml**

A blend of natural oils and resins specially chosen to nourish and enrich outdoor wood. Its effectiveness is outstanding thanks to its exclusive raw materials that give it extraordinary benefits.

Ideal for the maintenance and renovation of porous woods and garden furniture, especially teak, ipé and other exotic and tropical woods without varnishing; renovating its brightness, texture and color. In addition, it combats dryness and graying in woods exposed to the sun and protects them from stains and dust.

Colorless.

Aceite para teca / Teak Oil  
EX014PR1052

DECORATION AND CRAFTS

**Metallic Paint 400 ml**  
Metallic effect paint that provides a uniform shiny finish. Various attractive metallic shades result when light is shone on the painted object.  
Its multiple uses include decoration and the automotive industry, in addition to the vast possibilities in the field of crafts.  
High durability paint, good adhesion and high resistance to weathering. 100% varnishable.

11 Colors.

Rojo / Red EX014PR3032	Azul Oscuro / Dark Blue EX014PR5026	Oro Rosado / Gold Pink EX014PR1000
Verde / Green EX014PR6035	Negro / Black EX014PR0011	Champagne / Champagne EX014PR0037
Azul / Blue EX014PR5025	Aluminio / Aluminium EX014PR9006	Blanco Perla / Pearl White EX014PR0038
Violeta / Violet EX014PR4001	Oro / Gold EX014PR1036	

**Fluor Paint 400 ml**  
Fluorescent paint in three brilliant and hypnotic colors providing high luminosity in natural light, visible from a distance. The pigment is also sensitive to black light (UV) and appears to glow when illuminated with this type of light.  
The product is especially recommended for DIY, crafts, fine arts and emergency vehicles. We also recommend its use as marking paint for surveying, construction and mining.  
To obtain a more effective finish, we recommend first applying a coat of MTN PRO White Background Primer before varnishing with MTN PRO Acrylic Varnish or 2K Varnish.

3 Colors.

Amarillo / Yellow EX014PR0600	Verde / Green EX014PR0604	Rojo / Red EX014PR0602
----------------------------------	------------------------------	---------------------------

**Chrome Effect Paint 400 ml**  
Paint designed to give a metallic chrome finish to any type of surface.  
Its perfect finish offers a great aesthetic effect and is indicated for plastic, artistic and decorative work.  
It has a low resistance to weathering and contact, so it is recommended for tasks where these qualities are not required. Cannot be varnished.

3 Colors.

Plata Cromada / Silver EX014PR0101	Oro Cromado / Gold EX014PR0102	Cobre Cromado / Copper EX014PR0103
---------------------------------------	-----------------------------------	---------------------------------------

**Bathtub & Tile Paint 400 ml**  
White paint with a satin finish developed with epoxy resins, ideal for retouching or repainting surfaces such as bathtubs and tiles in one product.  
Its high resistance to water and excellent adhesion make this product your best ally for bathroom or kitchen refurbishment, optimally renewing any porcelain or ceramic surface.  
The product is only available in white.

1 Color.

Blanco / White EX014PR0015
-------------------------------

**Radiator Paint 400 ml**

Satin finish paint that is ideal for painting and repairing radiators - up to a resistance of 100°C - due to its hardness and color stability.

The product is available in non-yellowing white, neutral gray and beige, facilitating the integration of radiators in all types of home decoration, from the most classic to the most modern and creative.

3 Colors.

Blanco / White EX014PR0020	Gris / Grey EX014PR0021	Beige / Beige EX014PR0022
-------------------------------	----------------------------	------------------------------

**Forging Effect Paint 400 ml**

Synthetic solvent paint that offers a rough finish thanks to its natural micaceous iron oxide particles. Apart from the iron appearance, this synthetic enamel has excellent anticorrosive power.

Due to the characteristics of the product, we recommend it for touch-ups of all kinds of materials, whether industrial or domestic. Its finish is ideal on structural steel; gates, metal fences, welding joints, street lamps, fountains and all kinds of urban furniture.

2 Finishes.

Negro / Black EX014PR0117	Gris / Grey EX014PR1009
------------------------------	----------------------------

**Rust Effect Paint 400 ml**

Fast-drying, textured decorative acrylic paint that gives a rusty metal appearance to all types of surfaces. Ideal to achieve an aged look for home decorations, crafts, and garden projects or shop displays.

1 Finish.

Efecto Óxido / Rust Effect Paint EX014PR0017
---

**Marble Effect 400 ml**

Decorative solvent-based acrylic paint that gives a marble appearance to all types of surfaces. Thanks to its characteristics, it can be applied to metal, plastic, tiles, glass or other paints.

The paint has an excellent opacity and expands on the surface by means of fine threads of colored lacquer, simulating the “veins” of marble.

Though ideal for interior and exterior finishes, it is advisable to add a protective varnish to improve its resistance. The product can be perfectly combined with other MTN brand products such as 94, Hardcore, Water Based or MTN PRO Color Paint.

The product is available in black, white, gold and silver, meeting the majority of creative needs in DIY, Fine art and public urban art.

4 Colors.

Blanco / White EX014PM9010	Negro / Black EX014PM9011	Plata / Silver EX014PM0101	Oro / Gold EX014PM0102
-------------------------------	------------------------------	-------------------------------	---------------------------

**Glass to Mirror Converter 400 ml**

Decorative paint especially designed to turn glass into a mirror.

The product must be applied on the opposite side of the surface to be transformed and later backed with a black layer.

1 Finish.

Convertidor de Vidro en Espejo / Glass to Mirror Converter EX014PR0700
---

**Frosted Glass Effect Paint 400 ml**

Decorative paint that gives a translucent white appearance to all types of glass and transparent surfaces such as methacrylate.

This paint is useful for painting the windows of bathrooms, medical offices, changing rooms and other places where privacy is needed. The result, which mimics the effects of acid on glass, is resistant to subsequent daily cleaning.

1 Finish.

Vidrio Esmerilado / Frosted Glass Effect EX014PR0410
---

**Home Appliance Paint 400 ml**

Paint composed of high quality acrylic resins, special pigments and additives that give it a perfect finish.

Due to the characteristics of the product, we recommend it for touch-ups and painting of electrical appliances as well as their accessories.

It boasts good adhesion to most metals and plastic materials.

2 Finishes.

Blanco / White EX014PR0905	Inoxidable / Stainless EX014PR1110
-------------------------------	---------------------------------------

**Anti-Slip Lacquer 400 ml**

Transparent lacquer that provides a grainy film that helps prevent falls and slips when applied to any type of surface.

Formulated with high quality acrylic resins, it is especially suitable for floors and stairs. Resistant to humidity and wet environments.

1 Finish.

Antideslizante / Anti-Slip Paint EX014PR1070
---

### Heat resistant BBQ Paint 400 ml

Black paint specially designed to repaint barbecues. Its formula also provides great heat resistance, withstanding temperatures of up to 650°C, and it has a satin finish similar to that of classic compact charcoal barbecues.

1 Finish.

Negro / Black  
EX014PR0011

### Heat-Resistant Paint 400 ml

Heat-resistant paint fundamentally formulated based on silicone resins and special thermoset pigments to provide resistance to temperatures of up to 690 - 700°C.

Designed for parts or surfaces subjected to different stages of thermal shock such as stoves, boilers, exhaust pipes, engines or fluid conduits.

5 Colors.

Plata / Silver EX014PR0203	Negro / Black EX014PR0201	Hierro Fundido / Cast Iron EX014PR0205
Blanco / White EX014PR0202	Barniz / Varnish EX014PR0204	

## MONTANA COLORS PRODUCTS

## MTN PRO SPECIALTY PRODUCTS

### Contact Adhesive 400 ml

Film-forming adhesive with strong immediate contact adhesion of the two surfaces to be joined.

Formulated from adhesive resin mixed with aliphatic solvents, it provides high tensile power.

In addition, its valve system has an adjustable diffuser in 3 positions, making this aerosol a product adaptable to different applications, from vehicles to home DIY.

1 Finish.

Adhesivo Contacto / Contact Adhesive  
EX014PR0801

### Repositionable Adhesive 400 ml

Special adhesive for layout and composition work, since it allows multiple replacements during planning work. Provides instant, secure and repositionable joins that do not become brittle over time.

It is transparent, does not wrinkle, does not stain and does not yellow over time.

1 Finish.

Adhesivo Reposicionable / Repositionable Adhesive  
EX014PR1086

### Erasable Chalk Paint 400 ml

Fast drying water based paint with high opacity and matte finish. Developed for temporary markings on non-porous surfaces such as construction, sporting events, film decoration, children's games, temporary decorations, and so on. Perfect for situations that require spray paint that can be easily removed later with pressurized water.

Contact resistant. Does not crumble. To remove the paint, rub with a damp cloth or apply pressurized water.

10 Colors.

Amarillo Claro / Light Yellow EX014PC1021W	Rojo Claro / Light Red EX014PC3020W	Azul Eléctrico / Electric Blue EX014PC0030W	Negro / Black EX014PC9011W

### Chalk Board Paint 400 ml

Black paint for chalkboards that also turns any surface into a blackboard.

Designed to convert the wall of a store, restaurant or a domestic room into a convenient and fun blackboard wall that you can decorate using our MTN Chalk Marker.

1 Finish.

Negro / Black  
EX014PR0601

**Luminous Paint 400 ml**

Solvent-based paint composed of photoluminescent pigments that quickly charge with light to then shine in total darkness over a long period of hours. Ideal for signaling evacuation routes, emergency signs, tunnels, parking lots, decorative items and security spaces. It is also very useful for painting fishing lines and lures to create luminescent bait.

The effect is long lasting. An optimum light effect is obtained when applied on white surfaces. We recommend a final varnish with MTN PRO Acrylic Varnish.

1 Finish.

Pintura luminiscente / Luminous Paint  
EX014PR0950

**Water Based Luminous Paint 150 ml**

A water-based paint composed of photo-luminescent pigments that quickly charge with light and shine in total darkness over several hours. Ideal for signaling evacuation routes, emergency signs, tunnels, parking lots, decorative items and secure spaces.

The effect is long lasting. The maximum light effect is obtained when applied to white surfaces. We recommend a final varnish using MTN PRO Acrylic Varnish.

1 Finish.

Pintura luminiscente / Luminous Paint  
EX013PW0950

MONTANA COLORS PRODUCTS

MTN PRO SPECIALTY PRODUCTS

**Reflective Paint 150 ml**

A 150 ml aerosol containing paint formulated with special resins and pigments that allow a light to be reflected back to the source. Its reflective power makes it ideal for road markings or for any other situation where the lack of light requires a reflective object or sign. Reflective paint works perfectly on most surfaces (metal, plastic, glass, wood and stone) and on any other surface where permanent reflective marking is required. Gray finish.

1 Finish.

Reflectante / Reflective  
EX013PR0400

**Anti-Stain Paint 500 ml**

White paint formulated with high quality acrylic resins, together with titanium dioxide and special additives.

The result is a matte paint with high covering power, perfect for covering humidity, smoke and grease stains on walls and ceilings in a fast and durable way, creating a film barrier that prevents the stain from reappearing.

Due to the characteristics of the product, we recommend its use as a base coat or as a final finish where a matte finish is required. 100% paintable with emulsion paint.

1 Finish.

Antimanchas / Anti-Stain Paint  
EX015PR0987

**Gotelé 400 ml**

Paint formulated with an exclusive polyurethane dispersion which easily and simply imitates the effect of gotelé (a decorative technique that imitates raindrops on glass). Ideal for renewing and repairing this type of stucco.

The product can be applied on a multitude of surfaces such as concrete, plasterboard, wood and so on. It can be painted with all kinds of wall paints.

1 Finish.

Blanco / White  
EX014PG100

**Seal-Coating 400 ml**

Rubber-based paint, designed to seal leaks or small cracks in roofs, cement, metal or plastic pipes and PVC pipes in general.

Creates a flexible, waterproof layer that protects and waterproofs all types of surfaces.

3 Colors.

FINE ARTS

**Matte Fixative 400 ml**  
Matte transparent lacquer developed to fix and protect against dust, humidity and contact of artwork on paper using different artistic techniques, preferably dry, such as pastel, charcoal, pencil and graphite. Provides a matte finish without altering the color, as it does not yellow.

1 Finish.

Laca Fijadora Mate / Matte Fixative EX014PR0998
--

**Gesso Primer 400 ml**  
White primer ideal for fine arts and crafts. Convert and prepare surfaces such as fabric, wood, plywood, cardboard or concrete into a canvas for application of different techniques later. Increases the adhesion to the surface and acts as a sealant, covering the pores and optimizing the amount of paint to be used.

1 Finish.

Imprimación Gesso / Gesso Primer EX014PR0500
---

**Canvas Varnish 400 ml**  
A product designed as a final coat to protect oil and acrylic paints against humidity, grease, UV rays, dust, contamination and contact, allowing the work to maintain its properties without yellowing or cracking. Very fast drying through evaporation.  
Available in different finishes: glossy, matte and satin.  
For varnishing oil paints, allow for complete drying before using the product.

3 Finishes.

Brillante / Glossy EX014PR1076	Satinado / Satin EX014PR1077	Mate / Matte EX014PR1078

Violeta / Violet EX014PR4001	Oro / Gold EX014PR1036	

**Multi-Purpose Vinyl Coating 400 ml**

Matte paint that, once dried, becomes a removable (peelable) protective layer. Developed for the protection and customization of objects, it is also weather resistant.

It can give a “grip” effect to the painted surface due to its “soft touch” characteristic.

Ideal for the protection of metals, glass, plastics (PP, PVC, etc.) or any non-porous surface, offering excellent removability. On porous surfaces the removability of the paint can be more difficult or impossible. We recommend carrying out a previous test before executing the final work, in order to check its removability and that the required characteristics are effective.

Apply five or six thin coats to achieve a sufficient thickness, allowing approximately 5-10 minutes for the paint to dry between coats until a noticeable appearance of the film is obtained.

6 Colors.

## MONTANA COLORS PRODUCTS

## MTN PRO SPECIALTY PRODUCTS

#### Solvent 400 ml

A mix of universal solvents suitable for cleaning fresh paint stains on non-porous surfaces. Its rapid evaporation and high degreasing power also provides degreasing properties. It also works as a cleaner for oily and greasy liquids.

It is used to prepare surfaces before being painted as well as to clean painter's brushes and rollers in a fast and convenient way. For dried paints, greater quantities of the product will be necessary. Very useful for cleaning and unclogging blocked paint spray nozzles by placing them on the solvent spray valve and pressing until clear.

Colorless.

Disolvente / Solvent  
EX014PR0802

#### Paint Stripper 400 ml

Chloride-free removal product, suitable for effortless removal or cleaning (stripping) of dry paint on a multitude of surfaces.

Prepare or clean surfaces so they can be painted effectively. Ideal for restoring objects and furniture.

Colorless.

Decapante / Paint Stripper  
EX014PR1054

#### Ethyl Alcohol 70% 100-400 ml

A hydroalcoholic solution specially designed for cleaning surfaces of all kinds, including glass, metal and plastics such as methacrylate; from the steering wheel of the car and other plastics for the interior and exterior of vehicles, helmets and visors, household furniture and office elements such as tables, computer screens or mobile phones. The product is used to easily clean surfaces of residues such as grease, ink stains, paint and the remains of glue from stickers. The 100 ml container is ideal for taking in hand luggage on airplanes.

1 Formats

Alcohol Etílico / Ethyl Alcohol - 400ml  
EX014PR0003

#### Air Duster 400 ml

A powerful spray that effectively removes dust and dirt from technical, mechanical and electronic equipment. The product can treat large surfaces such as screens and can also reach hidden parts thanks to its special nozzle.

Designed to clean the inside and outside of electronic and mechanical devices such as computers, keyboards, printers, music equipment, televisions, photocopiers, bill counters, photo and video equipment, office equipment and so on, extending their useful life where cleaning is essential for proper functioning.

Colorless.

Aire Comprimido / Air Duster

## Consult our technical data sheets!

All information for each one of our MTN PRO products: Product features, theoretical performance in m2, safety data sheet. Is available for download online (PDF)

The machine works with a 7 bar air compressor (not included).

Check with your sales agent for operating instructions, installation, and on/off positions, as well as for maintenance and safety instructions.

# USING SPRAY PAINT

1. The surface to be painted must be clean, dry and totally free of grease or dust.
2. Protect your working area from airborne paint overspray and splatters. Use gloves and a mask during prolonged jobs.
3. Shake the can vigorously until you hear the mixing ball for at least one minute.
4. Gently press down on the nozzle to release the paint in the valve onto a testing surface.
5. For filling in surfaces we recommend the aerosol being in the most vertical position possible. Apply in various thin coats from a distance of 15-20 cm.
6. If you wish to paint sharp, controlled lines, reduce the distance from the surface by a few centimeters. Painting closer to the surface leads to greater line definition and paint build-up.
7. Perform tests with different nozzles to find out what kind of line and thickness are perfect for your needs.
8. Once finished applying the paint, we recommend cleaning the nozzle by turning it upside down and pressing the cap until only gas released.
9. Store your spray cans in a cool and dry place.

# MTN CAPS / BUCKETS

Formats for storage and transport of MTN Caps.

The **1000 unit bucket** is designed for shops. This format makes it easy to identify each cap model, keep control of the stock and have them organized at all times.

The **120 unit bucket** is the ideal format for your customers for storing their favorite caps at home in an organized manner. The buckets are comfortable to transport, reusable and stackable.

20 different caps.  
1000 / 120 units buckets

These sizes are for orientation and are presented here in scale to one another.

All caps are compatible with all of our spray paints. Experiment with the application distance to find the ideal outline thickness to suit your needs.

**Skinny Caps**

Caps that project a limited paint flow. They allow for thin lines to be applied with precision, making spray paint easy to use for any type of user.

# PACKS OF 5 CAPS

Five cap packs for different needs:  
paint and varnish small or large surfaces with more or less detail.

Fat, medium and skinny outline pack that includes all the outline sizes.

## 1. Preparation and shaking

Before you begin we recommend cleaning the surface to be painted of all grease and dust. Then, shake the can vigorously until you hear the sound of the mixing ball bearings.

## 2. Painting

It is always best to apply two thin coats than one thick coat. When painting lines, speed control and the distance from the surface being painted are essential.

## 3. Cleaning

After use we recommend turning the can upside down and pressing the spray nozzle until the can releases clear gas.

## Did you know?

With the help of the **MTN PRO Solvent** spray, you can recover dirty and partially clogged nozzles. Simply place the nozzles on the can as if you were going to paint with them, and press down. The solvent will clean their interior and leave them ready for use again.

## Standard

Contains caps for painting and and varnishing small, medium and large sized surfaces.  
SPAT1036

## Pocket Cap

Fine soft line.  
1.0 in / 2,5 cm ø.

## Thin Outline

Suitable for painting and varnishing small surfaces, lettering and small details.

# DISPLAY RACKS

Presentation is just as important as the quality of our products and paints. For that reason we take detailed care of our image from the package itself, down to the variety of shelves we offer for the sales outlets. Each shelf is customized for each paint range.

We have refreshed the anchoring system for the instructional signage on the displays. The displays will have vertical bars for inserting the instructions. As a result, when ordering a 0.5 m or 1 m display, please also request the code for the instructional signage.

## WALL DISPLAY UNITS

Three models of stackable metal modules that form a wall display concurrent with the aesthetics of the new Montana Shops. Their thin metal spacers save space and allow you to store more paint.

**Visual Impact** As well as storing paint, the modules simultaneously display the MTN color palette in an orderly and attractive way.

**Large Storage Capacity** The three different models are stackable, compatible with each other and allow you to customize the point of sale easily and safely. The modules are attached to each other by small screws that are easily fixed to the wall to maintain their stability.

### "Born" Wall Display

Each module contains 50 shelves which can each store six cans.

**Measurements:**  
102,7 x 69 x 33 cm.

**Capacity:**  
Per module:  
6 x 50 = 300 cans. 50 Colors.  
Front part 3 x 50 = 150 cans.  
Back part 3 x 50 = 150 cans.

**SPAT2436A**

Closed back version: **SPAT2436AB**

### "Gracia" Wall Display

Each module has 25 shelves which can each store 12 cans.

**Measurements:**  
102,7 x 69 x 33 cm.

**Capacity:**  
Per module:  
12 x 25 = 300 cans. 25 Colors.  
Front part 6 x 25 = 150 cans.  
Back part 6 x 25 = 150 cans.

**SPAT2436**

Closed back version: **SPAT2436T**

### "Porto" Wall Display

Each module contains 30 shelves, 15 vertical and 15 horizontal.

Each vertical shelf can store 5 cans and each horizontal shelf can store 12 cans.

**Measurements:**  
123 x 61,5 x 33 cm.

**Capacity:**  
Per module:  
(12 x 15) + (5 x 15) = 255 cans. 15 Colors.  
Front part 6 x 15 = 90 cans / 1 x 15 = 15 cans.  
Back part 6 x 15 = 90 cans / 4 + 15 = 60 cans.

**SPAT2405047**

Closed back version: **SPAT2405047T**

# COLUMN DISPLAY

This practical modular wall display allows you to store our most popular markers and related accessories in a neat way that's makes it simple to shop products like the Acrylic Marcador, Technical Markers, 94 Graphic Markers, Dabbers, Street Paint, Street Ink, Liquid Paint, Refills, Books, Tips and our Protective Gear Line.

Combining any of the the six different modules gives you infinite options, meaning each retail outlet can adapt them to their specific needs.

The solid metal structure includes shelves and hooks **designed to display our products perfectly provide maximum visibility for the items you have in stock.**

The shelf for storing markers can be adapted to all the available models whilst the cap holder box takes 120 units.

The model and size labels on each marker shelf help your customers to identify products on display easily and quickly.

A compact version is also available for smaller spaces.

# MTN ACRYLIC MARCADOR

Excellent opacity, quick drying with great resistance to sunlight and water.

The **MTN Acrylic Marcador** is a high opacity water-based felt tip paint marker. Suitable for practically all types of surfaces, the only limit to its use is your imagination!

Available in a variety of different tip formats, the range consists of 17 colors in standard sizes, specifically, the 1 mm, 2 mm, 6 mm and 15 mm tips. The extra thin and super fat markers (0.5 mm, 30 mm and 50 mm) come in four colors.

The paint in these markers has excellent opacity, is touch dry in minutes and totally dry within 24 hours, depending on the surface. Once dry, it's very resistant to sunlight and water. It's odorless and xylene free.

The markers can be refilled with MTN Water Based Paint, or any other paint or ink. Their tips are also replaceable so the useful life of these tools can be extended indefinitely. You won't have to buy another marker again and you'll produce less waste!

## MTN CHALK MARKER

Highly versatile chalk paint that's simple to clean off.

The MTN Chalk Marker is a high-opacity 2 mm felt-tip chalk marker loaded with chalk paint that's simple to erase. The paint is especially designed for temporary applications like signs, window painting or any other type of temporary decoration.

To clean the paint off, you just need a damp cloth or a jet of water. The smoother the surface you paint, the easier it will be to remove.

The markers are available in ten high-opacity colors, with great resistance to sunlight. The paint is odorless and doesn't contain xylene.

Violeta Azulado / Blue Violet 07	Plata / Silver 28
Azul Avatar / Avatar Blue 04	

## Street Paint 200 ml

Developed exclusively in the Montana Colors laboratories from the best components, its excellent opacity and fluidity make this product ideal for filling Dabbers and markers.

EXG01103 + Color

### Characteristics:

- Very fast drying.
- Glossy finish.
- Good opacity.
- Very good resistance to the sun and rain.
- Color durability.
- Good resistance to UV light.

## Street Markers Paint

High opacity paint marker.

12 colors (2 metallic ones) that will meet the needs of the most demanding writers due to their high fluidity, opacity, and resistance.

Its valve system allows for excellent paint flow control and helps to avoid overflowing and spills.

Its simple, easy to use design, allows you to open the marker for refilling and changing the tip if necessary.

Round 10 mm tip (2 colors) and 15 mm tip (12 colors).

## Street Dabbers Paint

A felt tip marker filled with solvent-based paint. Its versatile format lends itself to any type of painting technique or application.

Because it doesn't have a valve, the MTN Street Dabber produces quick, smooth lines on a multitude of surfaces.

Its solvent base provides fast drying, permanent results similar to spray paint. You can produce thick and juicy strokes from the first application.

Available in 10 colors comparable to paint from the Hardcore color range. The dabbers come in 30 and 90 ml sizes.

### Empty Markers & Dabbers

# EMPTY MARCADOR

The range of empty and refillable markers are completely compatible with the Montana Colors catalog of markers. New 20 and 50 mm formats are added to the 1, 2, 6 and 15 mm versions - historic products from our back catalog that are once again available for artists who require the thickest painting tools.

Together with the 10 and 18 mm Dabbers, there are a total of seven models which are perfectly compatible with Water Based Paint, Street Paint and Street Ink. You can fill the markers and dabbers with the combination of paints that you want, giving you an infinite choice of possible color tones.

# TECHNICAL MARKERS

9 different ink markers in different formats.

**Especially designed for outlining.**

The Technical Markers are a high opacity ink marker range with different characteristics. They are especially designed for outlining, drawing and writing, and are available in a variety of different tip formats and widths.

**Fineline 1 Black**

High-precision black fineline with a 1.0 mm tip.  
The FINELINE Technical Marker 1.0 is a high pigment, intense black technical fineline specially designed to work perfectly even over silver or gold inks and paints. They do not contain lead or aromatic solvents.

**Fineline 1 Silver**

Silver fineline with a 1.0 mm tip.  
The SILVER FINELINE Technical Marker is a water-based, silver pigment ink fineline with a 1 mm tip. They do not contain lead or aromatic solvents.

**Fineline 1 Gold**

Gold fineline with a 1.0 mm tip.  
The GOLD FINELINE Technical Marker is a water-based, gold pigment ink fineline with a 1 mm tip. They do not contain lead or aromatic solvents.

**Characteristics:**

- Water-based pigmented ink.
- 1.0 mm.
- Water resistant.
- UV resistant.
- Non-fading.

	<b>Fineline 1 - Silver</b> SPR00130028	Units Packs	Tips Refills	
				
	<b>Fineline 1 - Gold</b> SPR00130029	Units Packs	Tips Refills	

**FINELINER**

High-precision black fineliner with chrome, tubular tip of various tips. The FINELINER Technical Markers 0.1 / 0.3 / 0.5 / 0.7 mm are water-based, intense black technical fineliners. The fluidity provided by their chrome, tubular tip and their high pigment ink make them perfect technical fineliners for outlining, drawing and writing. They do not contain lead or aromatic solvents.

**Characteristics:**

- Water-based black ink.
- Chrome, tubular tip.
- UV resistant.
- Non-fading.

**BRUSH**

The BRUSH Technical Marker is a high pigment black ink marker, specially designed to work perfectly even over silver or gold inks and paints. Its brush tip allows you to modify the width of the line, making it possible to vary between 1 and 3 mm. They do not contain lead or aromatic solvents.

**Characteristics**

- Water-based black ink.
- Brush tip.
- UV resistant.
- Non-fading.
- Silver Killer®.

**CALLIGRAPHY**

The CALLIGRAPHY Technical Marker is a high pigment black ink marker, specially designed to work perfectly even over silver or gold inks and paints. Its 1 mm wide, 3 mm thick tip allows you to easily do calligraphic style lettering. They do not contain lead or aromatic solvents.

**Characteristics**

- Water-based black ink.
- Chisel tip.
- UV resistant.
- Non-fading.
- Silver Killer®.

MONTANA COLORS PRODUCTS

WATER BASED PAINT

Montana Colors presents a collection of water-based refill cartridges that are ideal for artwork, crafts and fine arts. They are fully compatible with our Water Based spray paint, as well as with most fine arts products like the Montana Colors acrylic and solvent-based aerosols.

**Water Based Paint 200 ml**  
The highest quality paint that's good for much more than just refilling: you can apply it using any tool, like paint brushes, Dabbers, airbrushes and so on.  
All the colors can be mixed together and diluted with water to achieve glaze effects. The tools can be cleaned with water whilst the paint is still wet.

# LIMITED EDITIONS

Collect them all!

Watch out for new MTN Limited Editions that we drop throughout the year, featuring an exclusive selection of the world's most prominent graffiti artists.

Make sure you act fast to cop yours.  
When they're gone, they're gone!

Check all the available editions  
on the website: [distrib.montanacolors.com](http://distrib.montanacolors.com)  
[distrib.montanacolors.com](http://distrib.montanacolors.com)

## Presentation

The MTN Limited Editions come in an individual wooden display case bearing the artist's tag.

## MTN SYSTEMS

Worldwide systems laid up in your house.

Since the beginnings of graffiti, trains have been the preferred surface for many writers. Now you have the opportunity to paint some of the most emblematic models on a more accessible scale.

The MTN Systems are miniature train and subway cars printed on firm, high quality cardboard that you can assemble and paint. These replicas of some of the most popular systems in the world allow you to practice your sketches, reproduce historical pieces or simply enjoy your creations in the spirit of train graffiti.

### Characteristics:

- Can be quickly and easily painted.
- Ideal for Acrylic Marcador markers, brushes and spray painted backgrounds.

### Dimensions:

45.5 x 10.5 x 9 cm. (Assembled)  
69 x 47 cm. (Unassembled)

### Wall to Wall

99% Graffiti Pleasure.

A miniature brick wall to create and present your best art. Each wall is handmade, unique and gives you the feeling that you're painting your work on a real wall in the streets.

You can use MTN spray paint or markers, plus join multiple walls together and get your whole crew involved!

MZ0000069

### Super grip 250 ml

Liquid magnesium carbonate spray for sports use.

Designed to dry hands for improved grip in rock climbing, indoor climbing, bouldering, weight lifting, CrossFit and any activity in which a good grip of objects or surfaces is required. Its formulation of 70% ethyl alcohol provides ultra-fast drying as well as sanitizing properties. Contains less than 1% rosin.

- Shake the can for 30 seconds after you start to hear the noise of the mixer.
- Keep the bottle upright and spray into the palm of one hand before spreading the product on both. Wait for a 1 minute, airing your hands, until it has dried. Repeat the operation, if necessary, to obtain the desired quantity of the product.
- Once the activity is finished, it is easily removed with water. We recommend the use of hand moisturizers to counteract dryness.
